DID YOU KNOW???

It's spring and the grass is growing again. As you prepare to cut your lawns, keep in mind that you can use a mulching mower instead of bagging grass clippings. This will eliminate the effort bag and dispose of the clippings, reduce lawn waste, and reduce the need for fertilizer.

Please note that DEP and local ordinances mandate that residents do not put grass clippings in the street.

For additional information about healthy, sustainable lawns please see the brochure from our Environmental Commission
