Message From Mayor John E. McCormac

Dear Woodbridge Township Resident:

We are pleased to provide the 2021 Woodbridge Township Sanitation & Recycling calendar. This year, the calendar highlights the many sustainable initiatives, projects and programs which have spearheaded Woodbridge garnering the New Jersey League of Municipalities Sustainable Jersey™ Silver-Level Championship title for the past Ten Years.

Last year, Woodbridge competed against 448 New Jersey municipalities, including 210 Sustainable Jersey Certified municipalities and 52 Silver-Level certified towns in the Sustainable Jersey competition - earning Sustainable points for completing 97 actions in 18 separate categories and scoring a record 1,175 points. And throughout, Greenable Woodbridge continued to implement many more sustainable initiatives and programs that serve to better manage the ways we use energy and other natural resources at work and home.

Once again, the 2021 calendar is accompanied by the Recycle Coach APP – customized to your address. The Recycle Coach APP highlights trash and recycling collection schedules, special collection information and more - right at your fingertips!!! Search the 'What Goes Here' database for specific recycling instructions. Keep track of upcoming special collection events such as the household hazardous waste drop-off, confidential document shredding day, Christmas tree collection, bagged leaf collection and more. Report a waste problem or send comments and suggestions through the APP. Visit the Township web page at: www.twp.woodbridge.nj.us for more information.

Notwithstanding the uncertainties related to COVID-19 and how the pandemic has disrupted some municipal services and schedules, we are anxiously looking forward to hosting the Township-wide yard sale weekend again this Spring. Visit the Township web page for details on the 2021 yard sale weekend... we will post the information just as soon as we get the OK from the State Department of Health. Remember, the annual Yard Sale weekend is a great way to REDUCE, REUSE & RECYCLE. PLEASE NOTE THAT THERE IS NO CURB-SIDE BULK WASTE COLLECTION FOLLOWING THE YARD SALES. BULK WASTE COLLECTION MUST BE SCHEDULED BY CALLING THE SANITATION OFFICE AT: 732-738-1311 X3600.

For more information on all of the Department of Public Works services and programs, simply call the Sanitation Office at 732-738-1311 x3600 or the Office of Recycling at 732-738-1311 x3035. Download the Recycle Coach APP or visit the Township Web Page at: www.twp.woodbridge.nj.us for all the information regarding the Automated Trash Collection & Recycling Program.

Sincerely,

John E. McCormac

How to use your calendar:

It's as easy as 1, 2, 3!

TRASH PICK UP

Iselin Woodbridge	Avenel Colonia	Fords Hopelawn Keasbey Menlo Park Terrace Port Reading Sewaren
SWD 1 (Solid Waste District 1) Monday	SWD 2 (Solid Waste District 2) Tuesday	SWD 3 (Solid Waste District 3) Wednesday

RECYCLING PICK UP

Avenel Colonia Iselin	Fords Hopelawn Keasbey Menlo Park Terrace Port Reading Sewaren Woodbridge
RD 4 (Recycling District 4) Thursday	RD 5 (Recycling District 5) Friday

1. Locate your town.
2. Find the SWD and RD numbers for your town.
3. Find the corresponding SWD and RD numbers on your calendar and that's when your trash and recyclables will be picked.

That's all there is to it!

(A space has been provided at the bottom of each month of your calendar for you to write down your SWD & RD numbers)

The Woodbridge Township Sanitation Department provides once a week pick-up of trash and recyclables.

Remember to check your calendar for Holiday changes.

Follow your street index for special pick-up days for brush, leaf and Christmas Tree pick-up.

PROBLEMS WITH SERVICE?

To report any problems with the collection of Trash or Recyclables please call the Sanitation Department at (732) 738-1311 x3600.

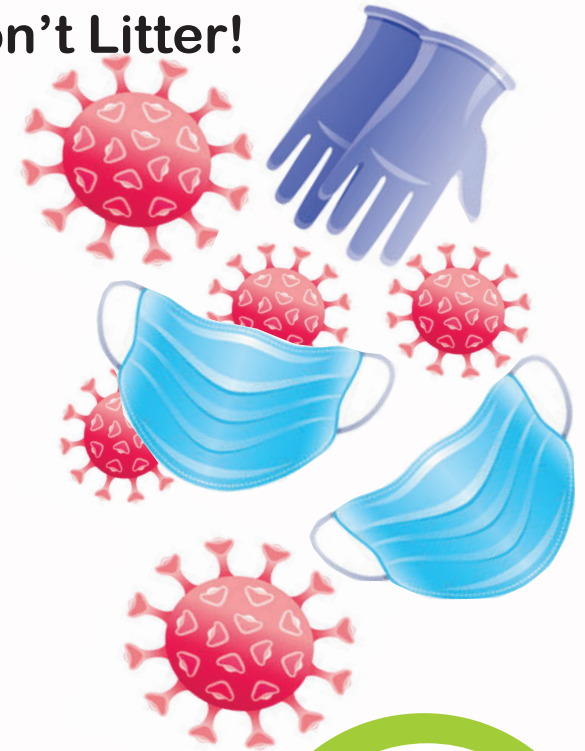

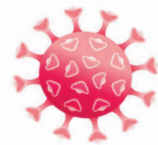

*Fulton Street
Rain Garden*

EXCUSE ME, I THINK YOU DROPPED SOMETHING Please Don't Litter!

It's not just littering, It's dangerous and can potentially lead to the spread of coronavirus.

THE SOLUTION

Be responsible and properly dispose of single use gloves and masks. Discard your items in the nearest trash can. Or please use an extra bag, discard gloves and masks in a separate bag and throw them away.

Did you know.....that due to COVID19 used masks, gloves and wipes are becoming a prevalent form of litter!

Putting Your Trash or Recyclables Out

- * Check your calendar to make sure it is your collection day
- * Place your cart at the curb after 4 P.M. the day before your collection, as shown.

*Woodbridge Center Mall
Solar Field*

- * DO NOT place any items next to the cart, only items in the cart will be collected.
- * Remove your cart from the curb by 9 P.M. the day of your collection.
- * Carts must be stored in your side or rear yard.

Did you know.....9 billion tons of litter ends up in the ocean every year!

Tree Planting*

Visit twp.woodbridge.nj.us for more info

Spring Clean-Up!

Brush and Leaves will be picked up according to your Recycling District and Zone

Please check your calendar for your pick up date!

- ***BRUSH**- Tree branches must be no longer than 4 feet, bundled and tied.
- ***LEAVES**- Leaves must be in biodegradable paper leaf bags. Remember leaves only! Leaf bags will be available at the Department of Public Works in Keasbey during the month of April while supplies last.

Did you know.....litter can harm plants and destroy natural areas! Few people think about the harm that litter can cause.

It's all about Recycling Organics! It's Summer, the grass and plants are growing. It's time for GRASSCYCLING & COMPOSTING!

Grasscycling : Recycle your grass clippings by leaving them on your lawn.

- * It saves time
- * Adds nutrients to your lawn
- * Reduces landfill waste

Backyard Composting : Recycle your organic kitchen and yard waste by creating a compost pile in your yard.

- * It's a practical and convenient way to handle your organic waste

- * It improves the soil quality
 - * It puts nutrients back into the soil
 - * Reduces landfill waste
- Food is Energy, let's not waste it!

Check Our Website to Learn More!

Woodbridge Township Schools are now recycling their food waste!

- * Students are now able to recycle all of the food they do not eat
- * The food waste is collected from the schools and sent to a facility where the food is used to create biogas and renewable energy.
- * On average 2,000 lbs of food waste is collected daily from our schools
- * This creates enough energy to power 8-10 homes for a day!

Sustainable Energy!

*School Food Waste
Containers*

Did you know.....that NJ Clean Communities has been working to keep NJ litter free for over 34 years! See how you can help.

Let's Keep Our Waterways Litter Free....

*Rain Down The
Storm Drain*

Did you know that rain and melting snow can carry litter into our storm drains! Water that goes into the storm drain does not get treated or filtered!

Everything we put on the ground or into the storm drain, can end up in our water.

Pick up litter that you see in the street, the park and in your neighborhood and urge others to do the same.

Let's keep our streams, lakes, rivers and oceans clean,
DON'T LITTER!

LITTER TRAVELS
But it can **STOP** with you.

Did you know.....Around the world, an estimated one million birds and 100,000 marine mammals and sea turtles die each year when they become trapped in plastic or eat it, perhaps mistaking it for a tasty treat!

*Colonia High School
Greenhouse*

Put your lawn mower to good use this fall... “mulch your leaves and go”!

Use your lawn mower to mulch your leaves where they fall.
You can then leave them on your lawn,
add them to your garden/flower beds
or put them in your compost pile.
BUT if you must bag them...

FREE LEAF BAG DISTRIBUTION LOCATIONS

(To obtain leaf bags all residents must show proof of residency)

Woodbridge Community Center
600 Main Street
Woodbridge

Tuesday– October 5 & 19

4:30pm to 7:30pm

Saturday– October 16

9:00am to 1:00 pm

JFK High School
200 Washington Ave
Iselin

Thur- October 7 & 21

4:30pm to 7:30pm

Evergreen Senior Center
400 Inman Avenue
Colonia

Wednesday– October 6 & 20

4:30pm to 7:30pm

Pelzman Park (Avenel Tennis Courts)
Tappan Street
Avenel

Friday– October 8 & 22

4:30pm to 7:30pm

Starting October 1st leaf bags will be available at the Public Works Complex located at 225 Smith Street Keasbey. Only leaves in biodegradable paper bags will be collected. No plastic bags! Leaves placed in the street can be dangerous. They can clog storm drains and cause flooding, reduce the width of roads, and create hazardous driving conditions. If you are going to schedule a loose leaf pick-up, payment must be received and a pick-up date given, before any leaves may be placed at the curb.

Did you know.....that litter is smelly, dirty and can be unhealthy for our environment!

*Butterfly Sculpture at
Health Center*
Constructed from Recycled Material

Don't be a **Turkey** this holiday season, make sure you recycle your Cooking Oil!

DON'T put grease or cooking oil down the sink, even if you follow it with hot water or soap.

DO recycle your used cooking oil at the Recycling Center in Keasbey!

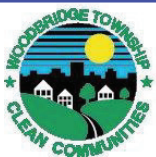

To Recycle your Cooking Oil

- *Carefully pour cooled cooking oil into a large sturdy plastic or wax coated container.
- *Cap the container and store it in a cool, safe location.
- *Don't mix the contents with any other liquids or products
- *Once the container is full, bring it to the Recycling Center in Keasbey.

Each year on November 15, millions of people across the United States take part in America Recycles Day. The day raises awareness about recycling and the purchasing of recycled products. How we recycle and reuse products are important.

Join us on November 15th and learn all about all the different ways to recycle. Please check the Township Website or the Recycle Coach App for time and location.

Did you know....."Litterbugs" can be found among people of every age, sex, race, ethnic origin at all levels of society and in all geographic locations!

*Woodbridge Light
Parade*

Make it easy for guests to recycle bottles and cans – put a recycling bin next to the trash can!

When you're done unwrapping your gifts, empty and break down the boxes and put them in your recycling cart.

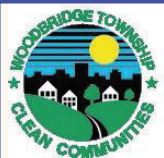

Paper gift wrap and tissue paper can be recycled, but NOT paper that has glitter or foil on it.

Bring your own reusable shopping bag. Plastic bags are big troublemakers for the sorting equipment at recycling facilities. Or, if you use those plastic bags, be sure to bring them back to the store for recycling.

Holiday lights do not belong in recycling carts. Stringy decorations like holiday lights create a mess once inside recycling facilities. Put them in the trash, or, you can also bring them to the Recycling Center!

Did you know.....that men are more likely to litter than women!

**Recycling
simplified.**

Street Index:

How to use your street index:

1. Find the boxes with your town listed at the top. Please check all boxes. Towns are not in order and some boxes share multiple towns.
2. Once you've located your town boxes, check each box until you find your street listed.
3. Once you have found your street look at the top of the box to locate your RD and Zone number. Your special pick up days will be listed on your calendar by your RD and Zone number. Your special pick up days can also be found on the right hand side of the box.

**Never miss a
collection again.**

Download the FREE app on
your app store today!

(A space has been provided at the bottom of each month of your calendar for you to write down your RD and Zone number)

Know Your Flood Hazard: Protect Yourself and Your Property from Flooding

Protect Our Natural Floodplains

Only rain goes down the storm drain. The ability for storm drain systems to function correctly directly relates to minimizing flood inundation, potential damage sustained during strong rain events, and the reduction of non-point source pollution into our waterways. Natural habitats are the definition of resilient infrastructure, as they are more readily able to rebound after powerful storm events. In addition to providing flood storage capacity, these areas are havens for safeguarding the existing benefits associated with healthy natural areas, such as filtration of nutrient runoff and biodiversity. To learn more about the beneficial functions of natural floodplains...check out the Township floodplain management webpage: <https://www.twp.woodbridge.nj.us/635/Floodplain-Management>. Let's keep our waterways and floodplains clean and pristine. Report illegal dumping! Call: 1-877-WARN DEP and/or Woodbridge Twp Division of Engineering: 732-602-6057

Know Your Flood Hazard

Woodbridge Township has areas of special flood hazards located in the AE, A, Coastal A, and VE zones. You can locate Special Flood Hazard Areas in your neighborhood by looking at the Flood Insurance Rate Maps (FIRM) at FEMA's Map Service Center or on the Township's floodplain management website, via the Woodbridge Township Interactive Flood Viewer which shows both the 2010 Effective FIRM and 2014 Preliminary FIRM, or by visiting our FEMA Flood Zones link on the Township's floodplain management webpage. Woodbridge Township contains areas of tidal and fluvial flooding. Never drive down flooded roadways. For your safety, our web pages have links to real-time tide gauge data. The Township of Woodbridge participates in the Middlesex County Hazard Mitigation Plan. The plan is designed to help identify local weaknesses and assess ways to potentially combat those issues. Thus, the overall outcome of the plan's development is to reduce devastating effects of future storm events and other natural hazards. The plan is available to view on the Township's floodplain management website. Please note that the Woodbridge Township Flood Viewer should only be used as a reference. For further flood zone clarification or to request a free flood zone designation letter for your property, please contact Thomas C. Flynn, M.P.A., CFM in the Woodbridge Township Division of Engineering

Protect Yourself/Property from Flood Hazards

This information has been developed to help minimize risk within floodplains, and in order to reduce the amount of flood damage sustained during future flood events. Some areas of Woodbridge Township have been historically susceptible to flooding, and as a result it's important to know how to prepare for, respond to, and recover from a potential flood event. This information along with many other helpful flood preparedness and recovery tools can be found on the Township's floodplain management website: <https://www.twp.woodbridge.nj.us/635/Floodplain-Management>

Build Responsibly

If you are in the market to potentially purchase property, you should examine any possibility of a flood hazard BEFORE YOU BUY & BEFORE YOU BUILD, and the need to have flood insurance to protect yourselves and your property. Historic flood risk may not be the same risk you face today or in the future. By rebuilding higher, you can reduce-or avoid- future flood loss and reduce the impact on your finances. The Township recognizes The New Jersey State Flood Hazard Area (FHA) Control Act Rules, N.J.A.C. 7:13. Please note that in situations where the base flood elevation (BFE) denotes a more protective delineation, the State of New Jersey is using the information as the basis for statewide floodplain development standards. To learn more about the types of N.J. Flood Hazard Area Permit Authorizations, visit our Floodplain Management website and to view the Township's Municipal Flood Damage Prevention Ordinance, including Chapter 22 of the General Ordinance and the Township's Open Space Conservation & Resilience Zone Ordinance (OSC/R Zone).

Carry Flood Insurance

Federal law requires that a Flood Insurance Policy be obtained as a condition of a federally backed mortgage or loan that is secured by the structure located in an area of special flood hazard, as per the Effective Flood Insurance Rate Map (FIRM) delineation. Although some areas susceptible to flood risk do not require the purchase of flood insurance, it is recommended in order to best minimize financial vulnerability during a potential flood event. It's important to carry flood insurance even if you are not federally required to do so. According to FEMA, a structure located in a Special Flood Hazard Area has a 26% annual chance of experiencing a 1% annual exceedance probability flood (100-year flood event) over the course of a 30 year mortgage. A property not in a Special Flood Hazard Area (SFHA) may be damaged by a flood greater than that predicted on a flood study, such as a FIRM or state delineation. According to FEMA nearly 25% of all National Flood Insurance Program flood insurance claims come from policy holders outside of federally mapped Special Flood Hazard Areas. Learn more about Preferred Risk Policy premiums available through the NFIP, which offer lower-cost coverage for structures mapped outside the SFHA.

Tips to be better prepared for potential flooding events

- * Be aware of alternative evacuation routes from your neighborhood.
- * Gather supplies that you might need during a flood event, such as: a "go-bag," battery- powered radio, emergency kit, etc.
- * Plan for how you will care for your pets.
- * Create a plan. Visit www.redcross.org to learn more about developing ways to be better prepared.

ROAD CLOSED AHEAD

STEER CLEAR of FLOODED ROADS

- Never drive on flooded roads – almost half of flood deaths happen in vehicles.
- 6 inches of water is enough to cause you to lose control of your vehicle.
- If you encounter flood waters on a roadway, Turn Around, Don't Drown®.

FEMA

If you have questions about flood insurance policies or for detailed FEMA Flood Insurance Rate Map (FIRM) determinations based on a street address contact the Woodbridge Township Division of Engineering for personal assistance: 732-602.6057.

Most homeowner's insurance policies do not cover flooding. Don't wait until storm season to obtain a policy. It typically takes approximately 30 days for a flood insurance policy to take effect. To learn more about flood insurance and to find out how to obtain a policy visit: www.FloodSmart.gov

Prepare for a Potential Flood Event

Be aware of alternative evacuation routes from your neighborhood. Gather supplies that you might need during a flood event, such as: a "go-bag," battery-powered radio, emergency kit, etc. Plan for how you will care for your pets during a potential flood event. Create a response plan. Visit www.redcross.org to learn more about developing ways to be better prepared. To learn more about what types of specific flood hazards impact Woodbridge Township visit the Woodbridge Township Floodplain Management webpage located at: [www.twp.woodbridge.nj.us/635/Floodplain- Management](http://www.twp.woodbridge.nj.us/635/Floodplain-Management).

During and After a Flood Event

Avoid downed power lines that could pose a serious life- threatening hazard. Report these issues to utility companies immediately. Generators should never be operated inside your home or garage. The Department of Homeland Security (DHS) has developed a checklist designed to help you during a potential evacuation. You may access the DHS site online at: <https://www.ready.gov/evacuating-yourself-and-your-family>. The Township conducts stream channel inspections annually and in relation to strong storm events. If you have a conveyance concern, you may call the Division of Engineering at: 732.602.6057.

Preparedness Tips

- Familiarize yourself with how to turn-off the electricity and gas to your house.
- Be aware of alternative evacuation routes from your neighborhood.
- Gather supplies that you might need during a flood event, such as: a "go-bag," battery-powered radio, emergency kit, etc.
- Plan for how you will care for your pets during a potential flood event.
- Avoid downed power lines that could pose a serious life-threatening hazard. Report these issues to utility companies immediately.
- Generators should never be operated inside your home or garage.
- Never drive down flooded roadways.

COMMUNITY RATING SYSTEM – WHAT YOU NEED TO KNOW

The Woodbridge Township Division of Engineering, in conjunction with the Federal Emergency Management Agency (FEMA), implements the Community Rating System. For detailed FEMA Flood Insurance Rate Map (FIRM) determinations based on a street address which delineate floodways, limits of wave action, state protected natural areas, NOAA sea-level-rise data, historical extents of flood inundation, and flood depths contact the Woodbridge Township Division of Engineering for assistance: 732-602-6057. In addition, the Township offers flood protection assistance information in order to help property owners reduce vulnerability from flood related hazards. Flood-proofing techniques vary in size, scale and scope in relation to specific flood hazard conditions and the use of the structure. Some retrofitting alternatives might include elevating the structure, constructing engineered flood walls and protecting utilities from flood vulnerability. This service is intended to help provide one-on-one assistance to property owners in order to evaluate potential flood protection options. This service is not intended to function as means by which to offer design, engineering, or construction project support. Interested parties should contact the Division of Engineering in order to arrange for a consultation. Be sure to obtain all necessary permits before construction. NOTE: Consultation is based on the available "Flood Insurance Rate Maps(s)" of the municipality. This consultation does not imply that the referenced property will or will not be free from flooding or damage. A property may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. This consultation does not create liability on the part of the municipality, or any officer, or employee thereof, for any damage that results from reliance on consultation determinations.
