**What is something that has changed in your community as a result of earning Tree City USA recognition?\***

The Tree City USA recognition has changed the town of Howell by making the community more aware of the trees that surround them in their backyards, streets and open spaces. The Tree City USA program has helped bring the community together to participate in planting trees for everyone to enjoy and benefit from. The collective efforts of concerned citizens, elected and town officials coming together to foster a healthy and attractive community for our residents and guests by protecting our trees and urban forests has continued to be a source of pride for our community.
