Date: 5/13/2022

On April 19, 2022, the Township Council adopted a resolution pledging municipal support for sustainability in all matters of Land Use.

We encourage you to identify sustainable actions, policies, and procedures to implement in your sphere of work. Please consider how the decisions you make in your department will affect our environment. When possible and appropriate, please seek to minimize our carbon footprint, reduce, reuse and recycle. Promoting sustainability and protecting the planet is all of our responsibility.
