Subject: 2021 Healthy Town Winner Information Request

Follow Up Flag: Follow up
Flag Status: Completed

Good Afternoon,

Congratulations again on being designated as one of our 2021 New Jersey Gold Healthy Towns. As a reminder we will publicly announce the winners in March so we ask that you do not share this exciting news yet! We are requesting a quote from the Mayor regarding the Healthy Town Designation for our press release. I have included a quote below from a previous winner as a reference. You can submit the quote as well as a few other pieces of information we are [requesting here](#). There may be more than one person from your municipality on this email but only one submission per town is requested. Please complete the form no later than **Monday, February 28th**.

If you have any questions please do not hesitate to let me know.

“Many thanks to the New Jersey Health Care Quality Institute for once again recognizing Montclair as a Mayor’s Wellness Campaign Healthy Town,” said Mayor Robert Jackson. “Our township departments and community partners continue providing a truly great variety of events and activities which promote healthy behaviors through sports and exercise options for all ages, access to healthful foods and nutrition information, newly-renovated parks and open spaces for outdoor recreation, organized events and celebrations, and numerous opportunities for community engagement — all designed to help improve the well-being of our residents.”

Thank you for all of your work to improve the health and wellness of your community!
